Hillgate

The ultimate in convenience and charm

This well established and well run 24 unit complex is located in Highland road which is

convenient for Hillcrest central OR getting onto the freeway or the N3 . The complex has much to offer and an added benefit is that the levies cover water , external maintenance and garden care of each unit which saves time and money. The exteriors are a mix of facebrick and plaster thus helping with maintenance costs . Access at the gate is via a keypad and cellphone link making it easy to let guests in. The units have a great view across the valley to Assagay and Alverstone.

Features
