Dundee cattle farm 1000ha

Good grazing farm held in 4 subdivisions. No infrastructure other than good fences and water reticulated to every camp. There are very good steel cattle handling facilities with a plunge dip. There are 21 camps all with either natural water or piped water to them. 2 streams run through the farm, and there are 2 large cement water reservoirs for water storage. There are 4 labour tenant families resident on one portion of the farm, who have a demarcated area in which to run their cattle, and their own access road. 350 cattle are included in the selling price.
