Agricultural distribution centre, varying possibilities

The improvements on the property consist of a one large building approximately 4 150 m² in size, used as a large warehouse, re-furbishment of fuel storage tanks, with office areas and bathrooms. Other improvements include a shared borehole with a neighbour and steel fencing as boundary walls. The building is and electricity is received directly from Eskom. The immediate and surrounding area comprises of agricultural type properties, farms and small holdings. These properties vary in terms of magnitude, quality of finishes, and the level of development.

Most everyday amenities and necessities are available in the immediate and surrounding. The property is located approximately 10 kilometers off the main Vereeniging Heidelberg route. Access routes to the property is largely tar road with a short distance of gravel road. The...
